

PROOF OF PERFORMANCE

Mobil SHC™

Signum Oil Analysis helped extending the drain intervals by 50%*.

MTU Marine Engine Dubai

Situation

Initial fill requirement was for an MTU approved engine oil (to be used in MTU 396 Engines) and a reliable used oil monitoring program to support the maintenance function.

Recommendation

Mobilgard 1 SHC (Fully Synthetic & approved by MTU) was recommended for use in MTU 396 engines. SIGNUM oil analysis was introduced to monitor the performance of Mobilgard 1 SHC and support the maintenance activities.

Results

Oil drain intervals were extended by 50 %.
No oil related failures were recorded for over 8000 hours.
No oil related operational issues were recorded.
Significant savings were achieved in terms of labour costs.
